

Rooted Leader Update

Week 6

Review

- Trusting that your strongholds week went well
- Have you considered a leader for the group going forward after Rooted? If the group plans to continue, you need to know and you need to know who will facilitate.
- You should have decided or be deciding your Serve Day plans

Resources

- There are two good gift inventories listed in your appendix that you can email your group if you like.
- The serve experience is outlined in their books. Be sure to be familiar with what your group may be expecting.
- Review the section in your Facilitators Guide for ideas to keep in mind. Remember to remain flexible – things may shift and plans may need to adjust and your leadership through that will be critical.

Reminders

- You should be sharing two stories a week – planning to get through everyone before week 10
- Are you taking notes? Planning for your prophetic prayer time
- This week is Part 1 on calling and service. Encourage your folks to take one or both of the gifts inventories
- Be sure to contact us if you have any questions or concerns.

Email any Rooted stories to – stories@friends.church
